Blue and Gold

Eleventh Edition 1964-65

Forward

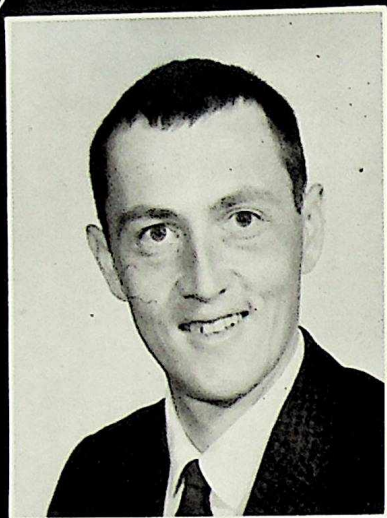

*If we work upon marble,
it will perish;
if we work upon brass,
time will efface it;
if we rear temples, they
will crumble into dust;
but if we work upon
immortal minds, if we
imbue them with principles...
we engrave on those tablets
something which will
brighten to all eternity.*

-Daniel Webster

*That which is bitter to endure
is sweet to remember.*

Dedication

The Staff of the Blue and Gold, 1965

dedicates this Yearbook to

Mr. M.E. Bourgoin

in appreciation for his helpful

advice and understanding during

the last five years as

Yearbook Advisor.

Principal's Message

May I begin by expressing a keen appreciation of the efforts of the faculty and students at Eastglen in your effort to make this a successful and enjoyable year.

My feelings upon assuming the principalship of this school were mixed with pride, a pleasant feeling of coming home, and a great sense of humbleness for this role. As a member of the staff who moved from Eastwood High School to this fine building eleven years ago I have been intimately associated

with the early development of this school and am sure that the future will allow us to continue to grow as a leading educational institution and that our young people will go forth with a sense of accomplishment and purpose.

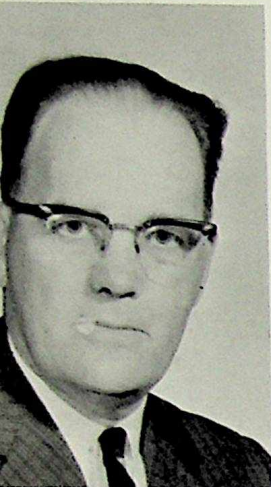

We, at Eastglen, are more concerned with turning out good citizens than scholars, for it is only when knowledge and skills are used for the betterment of the community that the individual is a good citizen. The habits and attitudes that you develop in school will help you more to gain future success than any other factor in your growth. It is our sincere wish that your contribution to society will be better as a result of the influence of this school. Our civilization will progress only if each individual develops to the limit of his potential. Whatever you do in the future, do it to the best of your ability.

You are now at the critical point in your life when you must choose the path you will probably follow as your career. Think out all aspects of your choice and especially consider service to your community.

It is becoming increasingly important to have a deeper appreciation of the recreational and cultural aspects of life. We constantly hear and read about the changing world and the effects of automation. Time will become more plentiful for you to follow the hobbies and pastimes not associated with the working world. You have had an opportunity to develop skills and interests in these areas. This school has made a deliberate attempt to help you prepare for this aspect of your future. We are sure that a rich, satisfying life will reward the many young people who have helped themselves, and others, by their contribution to the student body, the school and the community.

On behalf of the staff I wish success for your ventures and a hope for happiness.

Executive

Students' Union

This year has been different: new people coming into our school have injected new life into it. Students seem to have taken a more active part in school life than in former years. There was, of course, no great change but there is an indication that students are enjoying school more, both in academic and extracurricular fields.

This year, the students' council and executive have tried to give students an opportunity to participate in most of the school activities. It has been difficult but I have enjoyed it very much. I believe that if students care enough about electing effective leaders, the students' council can become an effective guiding force.

I am grateful to the people who elected me and allowed me to work in our students' council. I would like to thank the executive and the sponsor, Mr. Baker, for their support. To them, must go the credit for accomplishing any worthwhile projects this year. It is my hope that with effective leadership and student support, the students' council may become an organization deserving the students' respect and loyalty.

Gazette

Bob Hunka

The editor of the Gazette, Bob Hunka, and his assistant editor, Janie Leat, provided Eastglen with interesting up-to-date news articles in regular editions of the newspaper.

Thanks is extended to the sponsor, Mrs. McNeil, the Business Education Students, and to the staff members who have devoted much time and patience to the publication of the Gazette.

Yearbook

We, the staff members, have strived to give you again a yearbook which pictures the life of Eastglen - a life of learning and giving, of sport and fun.

In Blue and Gold '65 we hope to present this year's graduates with a book which will remind them of the problems, the joys and the lighter things of life which made their years at Eastglen memorable. Also may all the future students look with pride at the pictures of those who have preceded them.

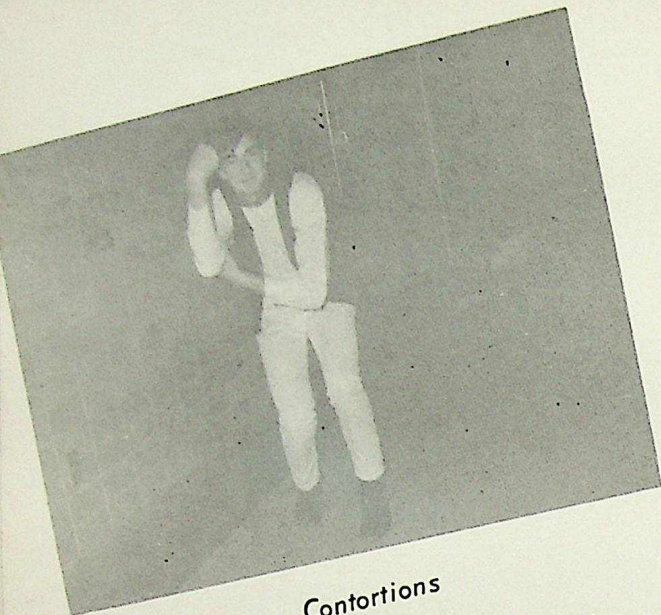

Lastly, may I express my appreciation to advisor, Mr. Bourgojn; to all the members of the Yearbook staff and to all the students of Eastglen whose co-operation and assistance made this year's Blue and Gold a reality.

Clubs

Archery Club

Sponsor Mr. Macmillan
President Doug Poon

The purpose of the club is to give members an opportunity to learn shooting skills, and to allow students to meet each other in an informal way each Monday and Thursday at noon.

Sponsors Mr. Ferniuk
Mr. Probert
President Ed Ferguson

The basic purpose of the Badminton Club is to promote enjoyment and also to further the skills of the members. The Inter-school round robin championships and the mixed-double tournament are a few activities of the club.

Badminton Club

Booster Club

Sponsor Miss Klybanowski
President Dave Finlay
Secretary-Treasurer Sonia Kalinocha

The purpose of the Booster Club is to boost school spirit through activities such as pep rallies, sock hops and posters. This year the club has worked in conjunction with the Students' Union and with other clubs providing plans for their events.

Chess Club

Sponsor Miss Gimby
President John Zwikstra

The Chess Club was formed to teach students the skill of playing chess. Chess is a game that can be enjoyed by all. Once you learn how to play, you will hardly ever forget. Tournaments were held during the year so the students could show the skills they have acquired.

Boys' Curling Executive

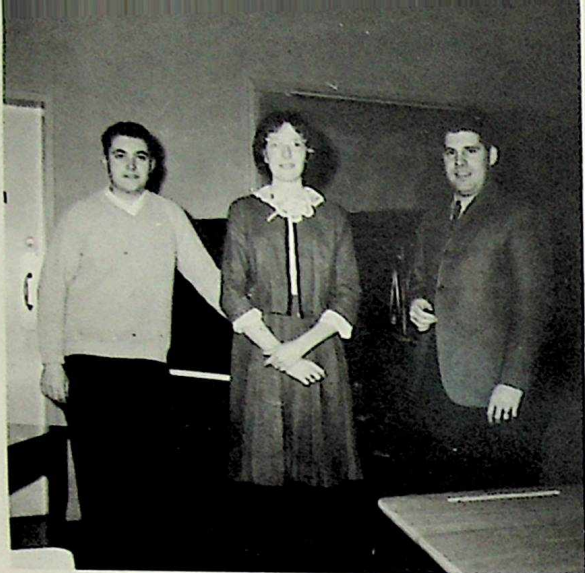

Mixed Curling Executive

Drama Club

Sponsor Mr. Wilson
President Heather Airth

The purpose of the Drama Club is to acquaint its members with the many aspects of drama and give them a chance to participate in plays. Many of these plays were produced for noon hour enjoyment.

Glee Club

Sponsor Mr. Worthington
President Ian McLean

The aim of the Club is to develop cultural appreciation of Eastglenites. The activities of the club are: two noon concerts, the Christmas Concert and singing for Fine Arts Night. This club has approximately 70 members and meets each Friday noon.

Sponsor Mrs. Maduram
President Donna Hill
Secretary-Treasurer Nancy Van DenBogart

This year the club has increased in size to almost 30 members. Each month the executives of all the groups in Edmonton meet to discuss problems in the individual groups and to organize city wide meetings. In future meetings we will feature debates, Bible studies and guest speakers.

I.S.C.F. Club

Sponsor Mrs. Cooper
President Jim Draginda
Secretary-Treasurer Diana Irwin

The Library Club is one of the most important service clubs in the school. Its purpose is to acquaint its members with the workings of a library. The members volunteer their time to check books, card books and set up displays in the library. At the end of the year, members who have worked in the library a specific length of time receive a pin.

Library Club

Marksmen Club

Sponsors Mr. Campbell
 Mr. Meakins
 President Wilf Talbot
 Secretary Pat Moore

The purpose of the Rifle Club is to teach the safe and accurate handling of rifles. The club meets each Tuesday noon in the rifle range. The highlights of the year for the club are the Turkey Shoot at Christmas and the Trophy Shoot in the spring.

Sponsor Mr. Heise
 President Heiner Wesemann
 Secretary-Treasurer Eddy Mol

The main objective of the Table Tennis Club is to master the skills and become a competent player. School wide competition will select the top players who will represent our school in the annual Inter-School tournament.

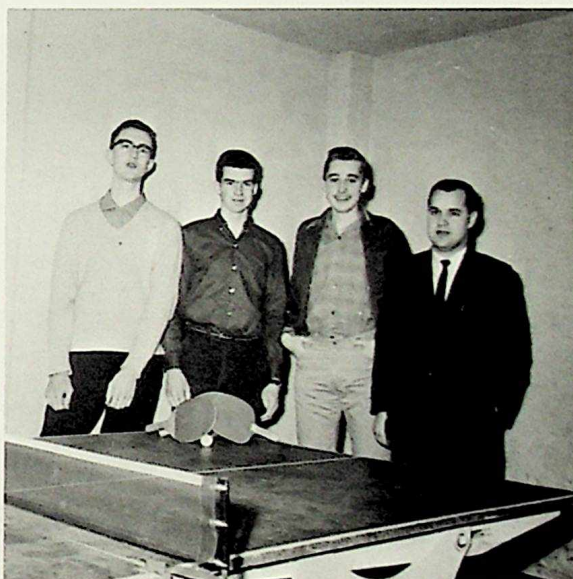

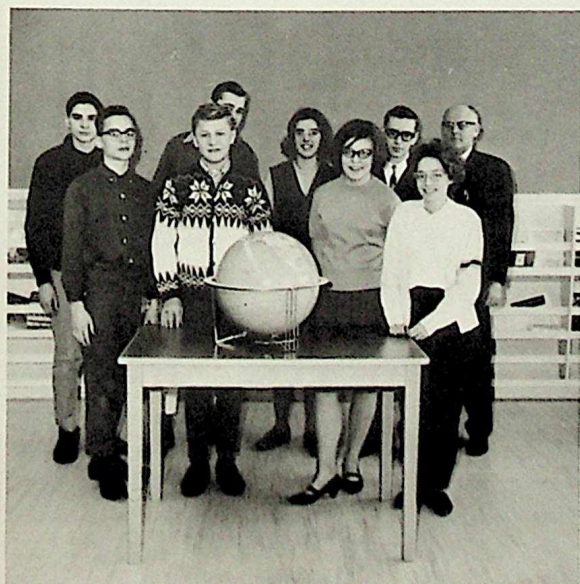

Table Tennis Club

U.N. Club

Sponsor Mr. Anderson
 President Evan Garber

This year the United Nations Club set out to impress on the minds of the student body the presence of the United Nations. With this in mind the club sponsored U.N. Week at Eastglen. The club also sponsored Eastglen's Inter-School debating team. In order to help its own members understand better the activities of the U.N. the club presented films and speakers.

Retrospect

Frosh Week

Place a few hundred confused frosh into what seems to them a labyrinth of corridors and many interesting things are bound to happen. The Frosh, easily identified by their blue and gold beanies, were required to attend the noon hour activities which included an introduction to the Administration and the Students' Union Executive, Clubs Day when the clubs began recruiting new members and Frosh Court presided over by the Honorable Judge Cal McDougall. The new Eastglenites were entertained by the singing of Rosalind Harper and by the latest sound in music presented by the Fallout Five.

Beat-Bop Beanie-Blast Ball, the first dance of the year was the wind-up of the wonderful week--a week which the grade ten students, now firmly established in Eastglen, will remember as the first of many new experiences encountered during their high school year.

Welcome Frosh

U.N. Week

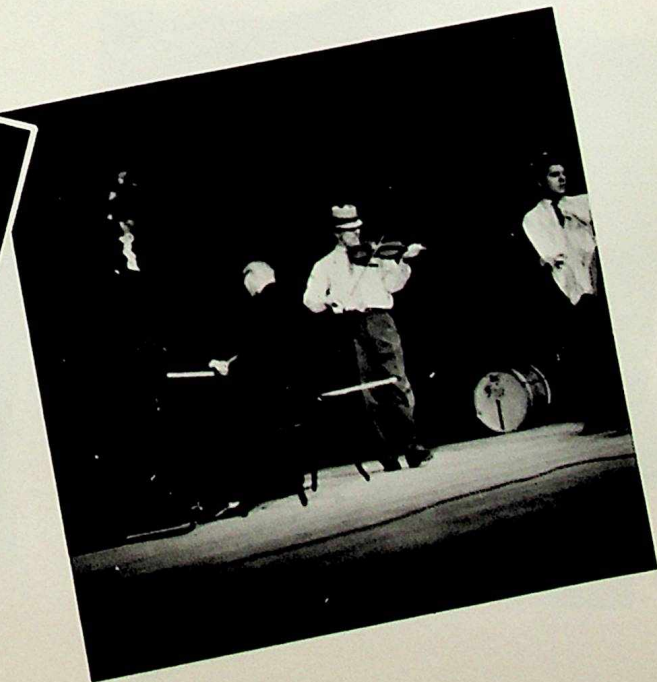

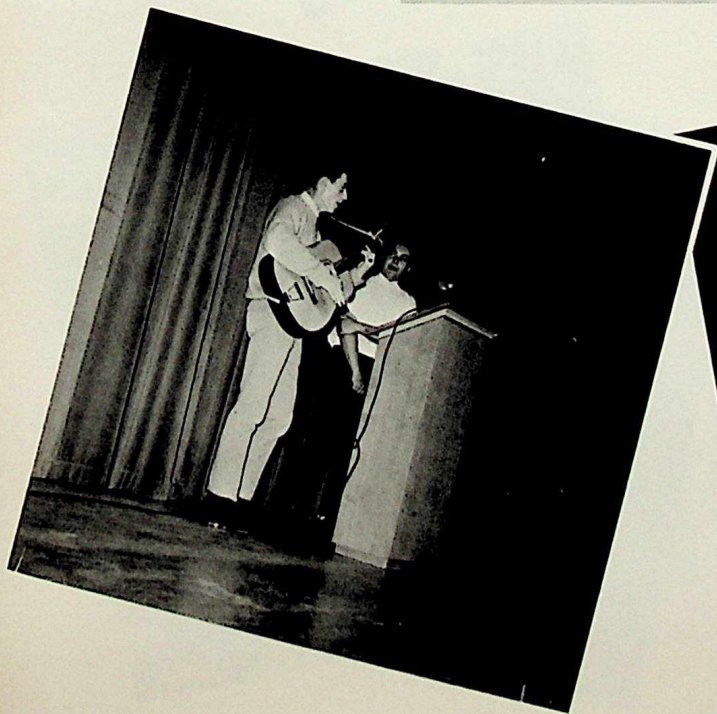

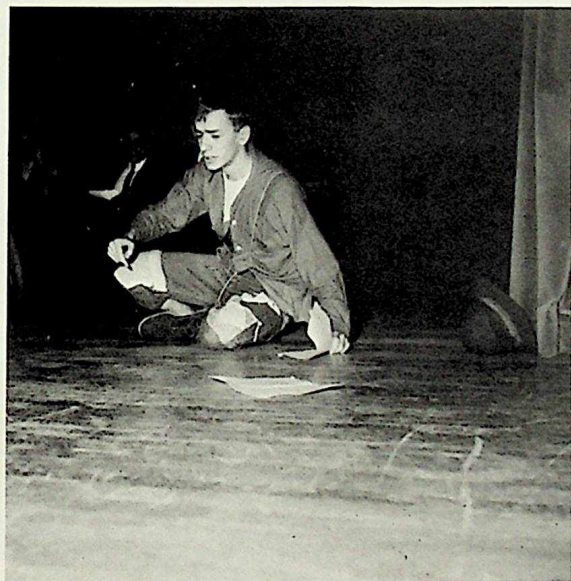

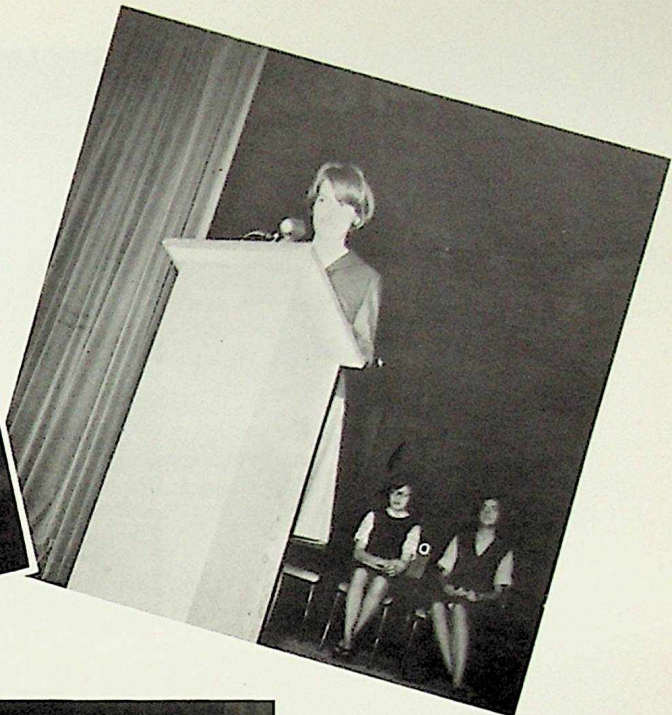

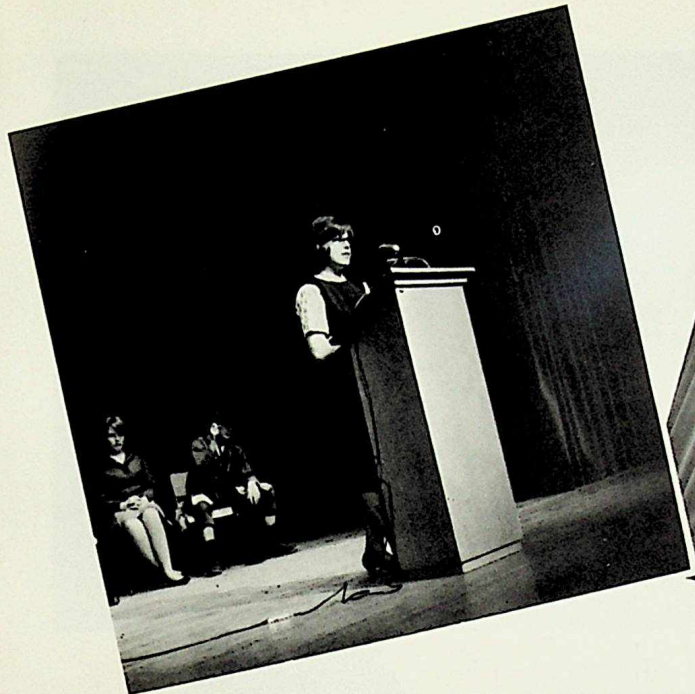

This year the members of Eastglen's United Nations Club proclaimed October 21-23 U.N. Week at Eastglen. Several enjoyable activities were held which made the three day U.N. Week a success.

On Wednesday, a WHO-tennany, featuring Gerrit Steenberg and Ian McLean, and the Fallout Five was held in the auditorium. Evan Garber, Ann Hessels and Cal McDougall gave reports on the Banff Seminar, while Cathy Herbert and Chris Hansen spoke about the Science Seminar and the Quebec Exchange Student Program. Mr. Reesor gave a talk on "What is WHO".

The second day was highlighted by a starvation diet, with rice and water served in the cafeteria.

On Friday, the final day of U.N. Week, a UNICEF dance was held in the gym, featuring the Mauraders. The proceeds amounting to over one hundred dollars were sent to help support the various United Nation campaigns.

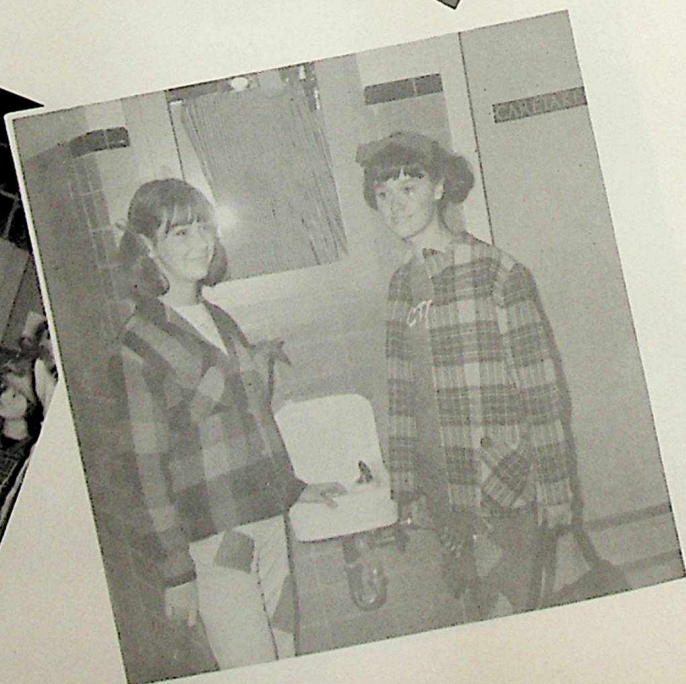

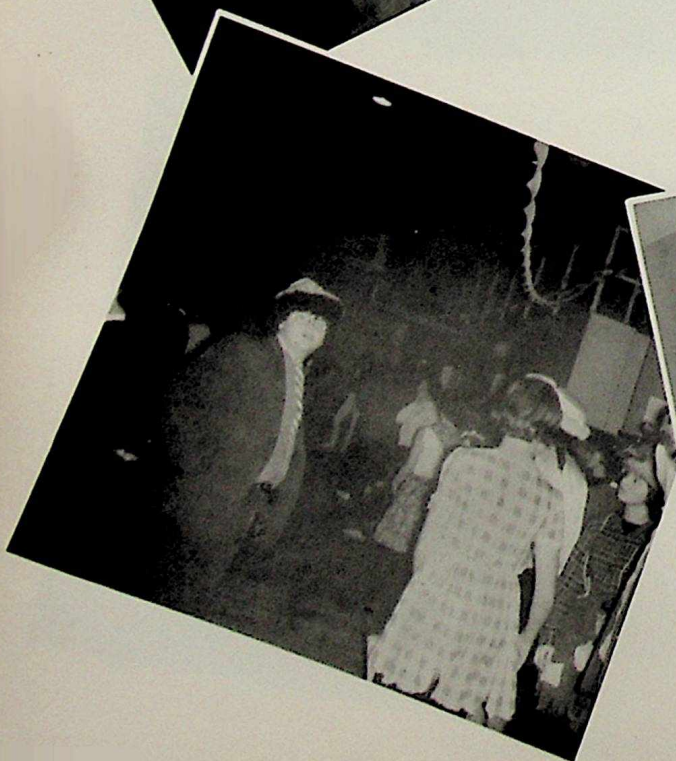

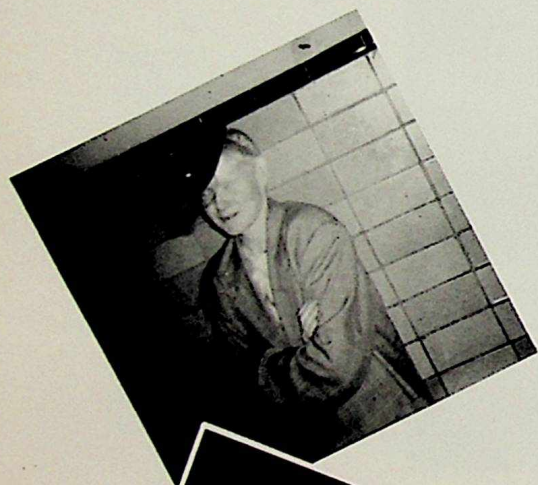

Sadie

Hawkins

Day

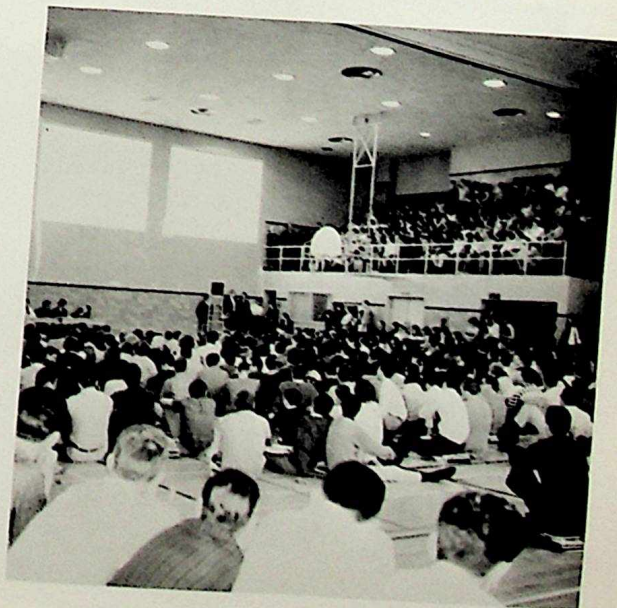

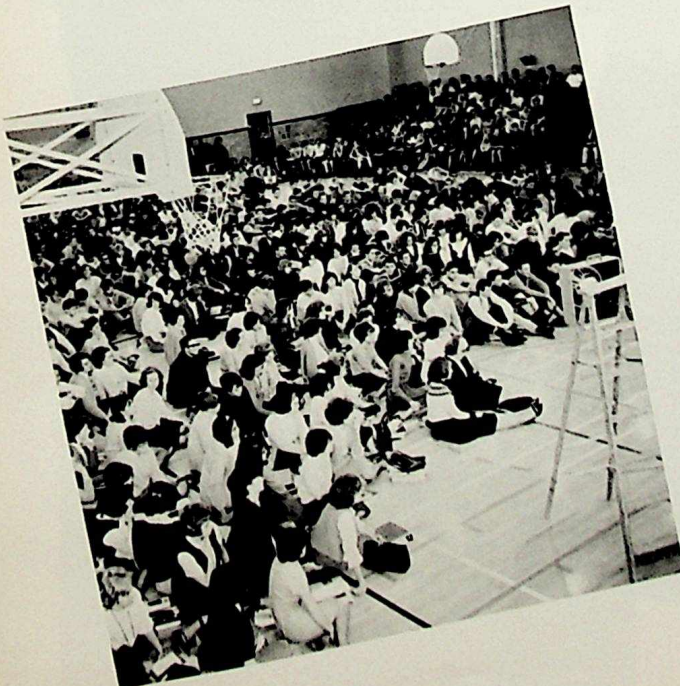

Student Assembly

The students of Eastglen experienced a first this year. This first was a Student Body Assembly or a Ninth Block. All of Eastglen's 1300 students assembled into the gymnasium to hear controversial matters involving the school. The first assembly was a panel discussion involving the vandalism fund, that the students of Eastglen were asked to pay. This 'trial-run' was very successful and impressive with both teachers and students.

The purpose of these assemblies was to bring the students to a understanding that the Student Union is there to help them. Another main point was that it introduced to increase school spirit by making the matters controversial.

Future plans for this Student Body Assembly is to have it semi-monthly for a complete block, thus receiving the title of the Ninth Block.

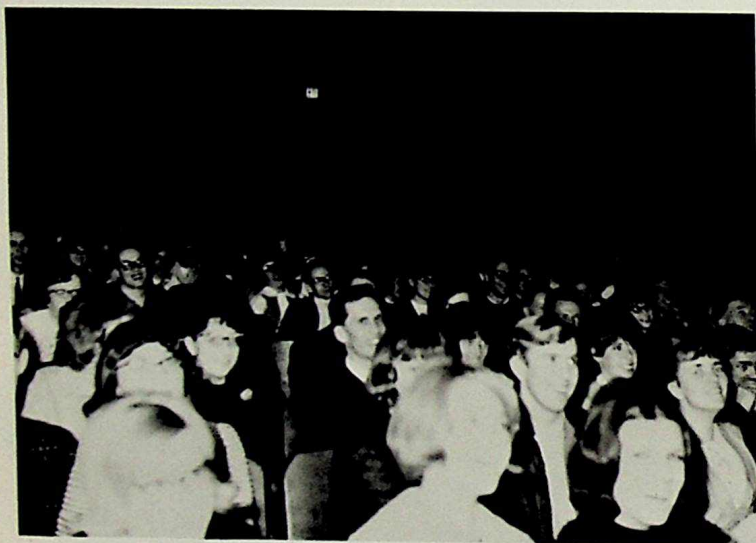

Hootenanny

Eastglen's Second Annual Folk Festival was held in the auditorium Friday, March 5. It was sponsored by the Booster Club and the proceeds were added to a fund which supports our foster child, Elena Seralta.

A large crowd was entertained by the Rafter Ringers, the Whistle Stoppers, the Blueridge Singers and the Wildwook Singers.

The Hootenanny was enjoyed by everyone who attended.

"Liliom"

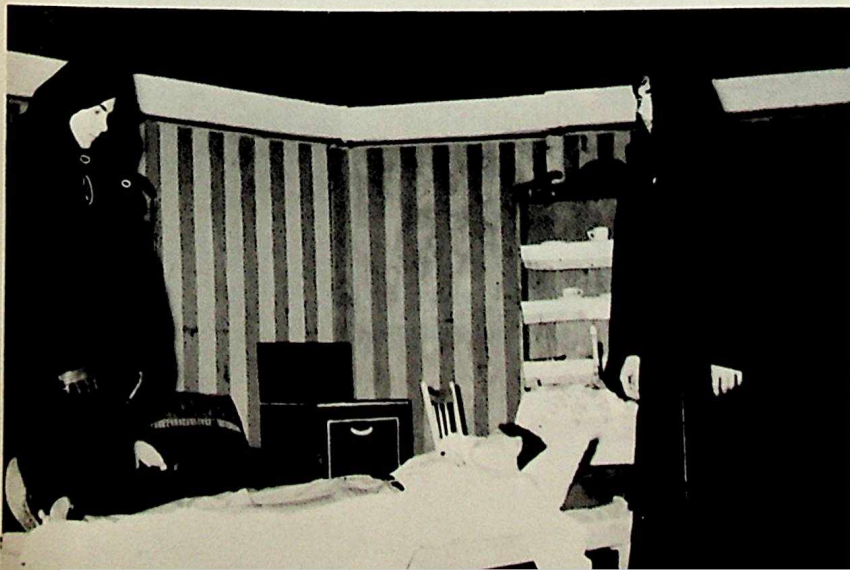

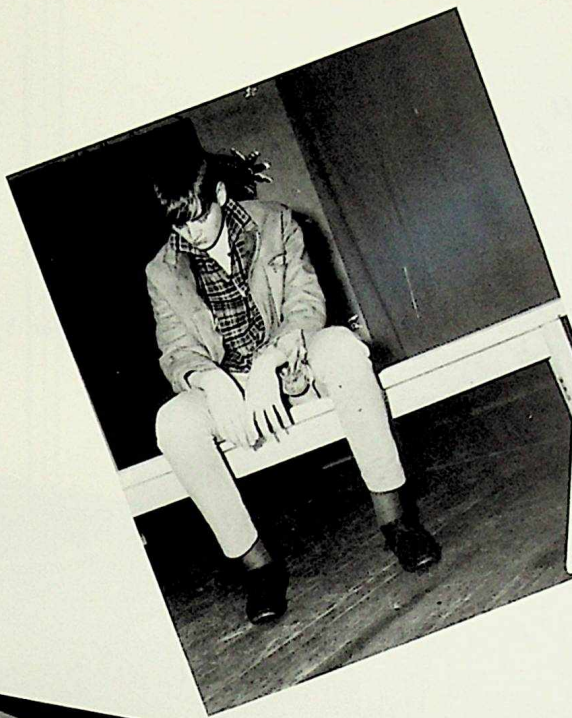

As in previous years the Eastglen Drama Department again has shown its ability to produce a superior high school play. "Liliom" of Hungarian origin was written by Ferenc Molnár and set during the early 1900's. "Liliom" is a story containing comedy and tragedy, high points of tension and gentle moments of love.

The play was greatly enjoyed by the almost full houses on the nights of February 18, 19, and 20.

The main female roles were double cast resulting in extra rehearsals and extra work for the leading male actors under the direction of Mr. M. Porcsa.

Saturday night when the curtain fell for the final time all that remained were a few lifeless sets and costumes, but also some many wonderful memories – very much alive.

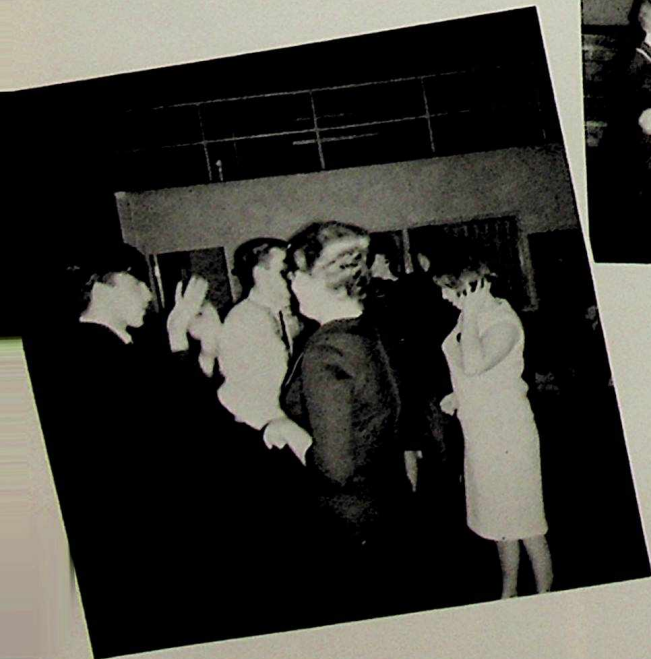

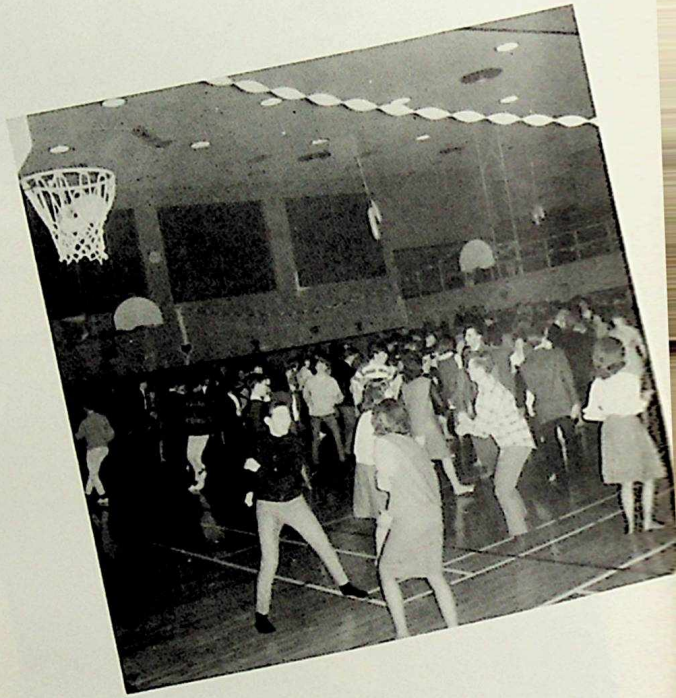

Cupid's Carousel

Eastglen's first big dance of the new year, Cupid's Carousel, was held on February 10. The dance was well attended by over 600 students.

The Rebels supplied the music. During the intermission the students were entertained by a new folk singing group, the Gerian singers. Everyone enjoyed themselves.

SPORTS

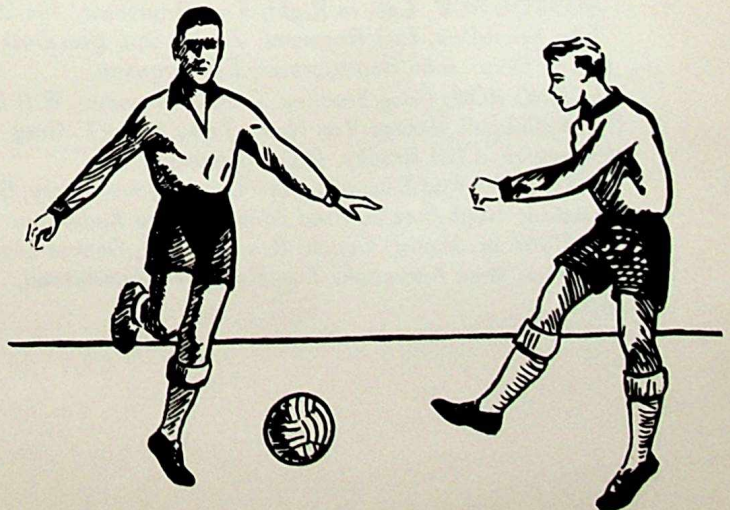

Boys' Athletic Association

SEATED: Cal McDougall, Mr. Munro, Cliff Brooks.

STANDING: John Zwikstra, Albert Zwikstra, Larry Kerychuk, Chuck Dary.

The main purpose of the B.A.A. is the promotion of Athletics both intramural and Inter-school, in Eastglen. The Boys' Athletic Association has the task of determining Minor and Major Awards, running the intramural program in terms of schedules, points record and activities. The Athletic program this year was participation in houseleague and was desirable particularly by the grade tens.

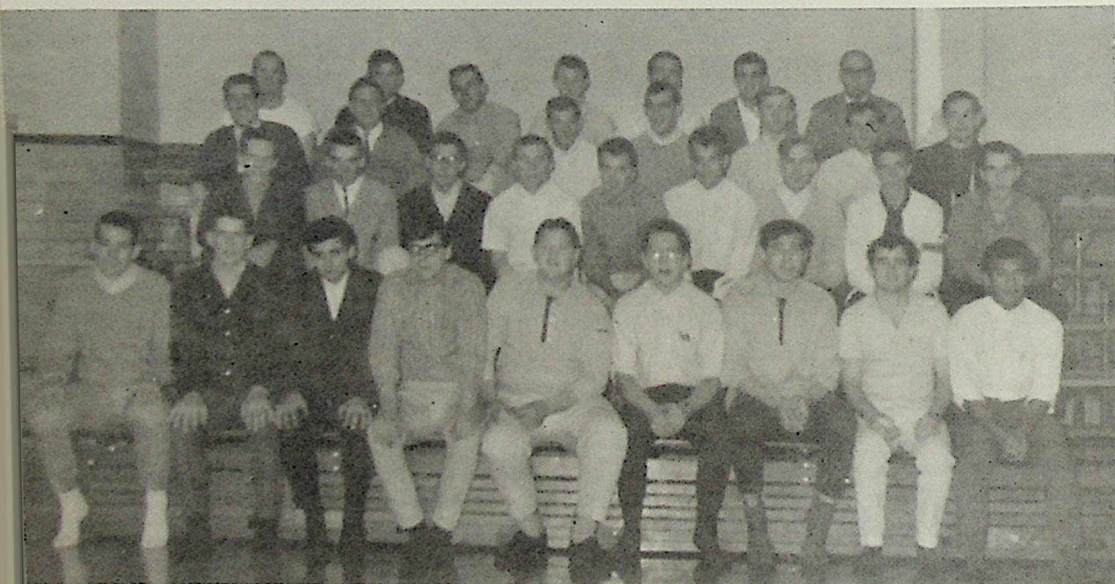

Senior Football

The Senior Blue Devils had a very successful season. Although they were not favoured to finish near the top, the desire to win and the spirit of the club enabled them to finish with some successful victories under their hats.

The strength of the club stood on its powerful defence combined with a fine running offence. Next year with a little more student support, we hope to see our Blue Devils with the championship cup next year.

The team owes a great deal to their Coaches Mr. Munro and Mr. Armistead for all their fine efforts, and enthusiasm.

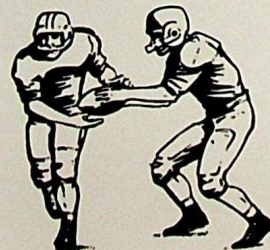

BOTTOM ROW, Left to Right: Tom Bradshaw, Jim O'Neil, John Karvallas, Les Raymond, Zane Loga, Don Dutkowitz, Chuck Dary, John Boumgartner, Ed Ferguson.

SECOND ROW: Doug Stuckey, Gord Mathewson, Bill Elliot, Cal McDougal, George Van Horn, Terry Patrick, Greg Mastervick, Cliff Brooks, Darryl Beshell.

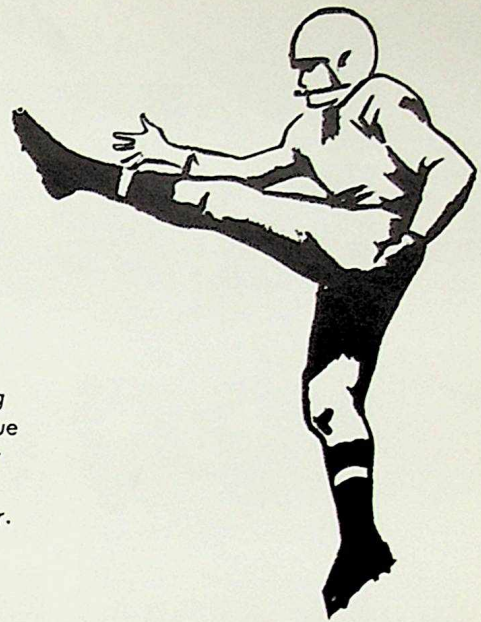

THIRD ROW: Rod Diamond, Ken Criss, Dave Sigaty, Bob Shewchuk, Hugh Steele, Fred Klimek, Dave Anderson.

TOP ROW: Mr. Munro, Coach; Brian Othias, George Sigaty, Tom Knox, Mike Kerychuk, Tom Peck, Mr. Armitstead, Coach.

Junior Football

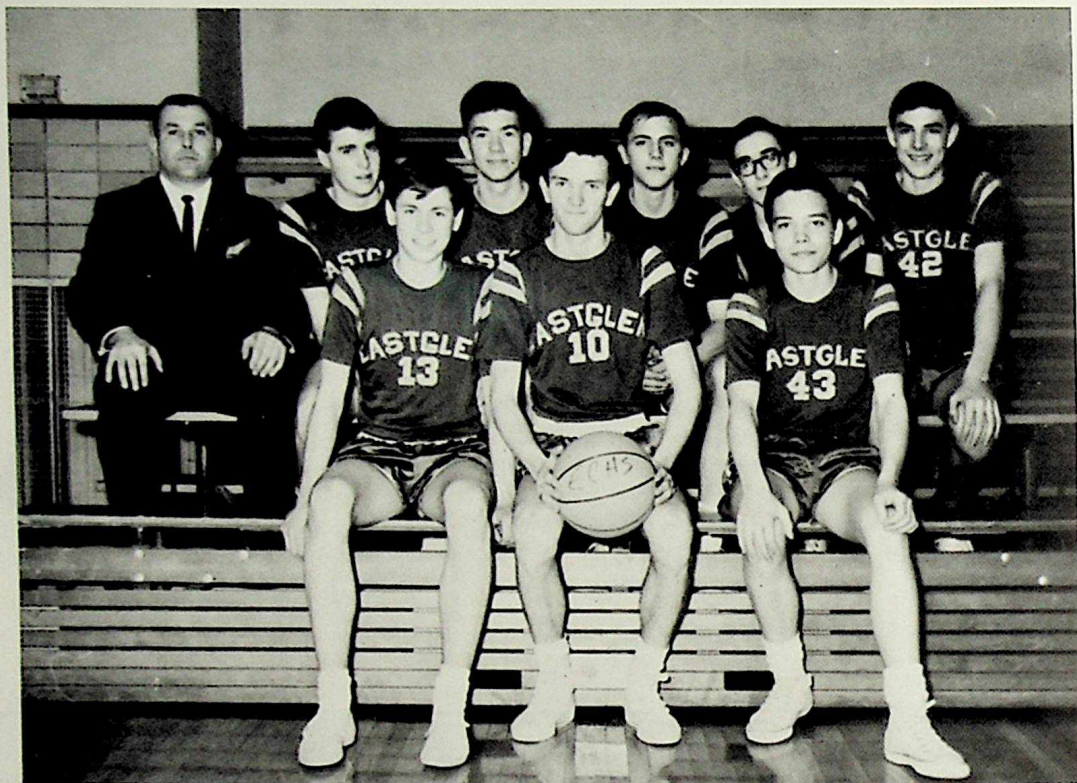

The championship cup was almost the word for this year's Junior Blue Devil Football Team. They were full of vigor and great enthusiasm when playing on the field and statistics prove it. The first game was a tie with Ross Shep and the remaining games brought nothing but victories. It wasn't until the final game that our Blue Devils were victims of defeat when they lost to Jasper Place. Congratulations go to our team and a special thanks and congratulations to their devoted Coach Mr. Dymianiw.

WE ARE SORRY BUT DUE TO
DEVELOPING A PICTURE IS NOT
AVAILABLE.

Junior Basketball

BOTTOM: R. Heard, D. Borrmann, T. McPhail.

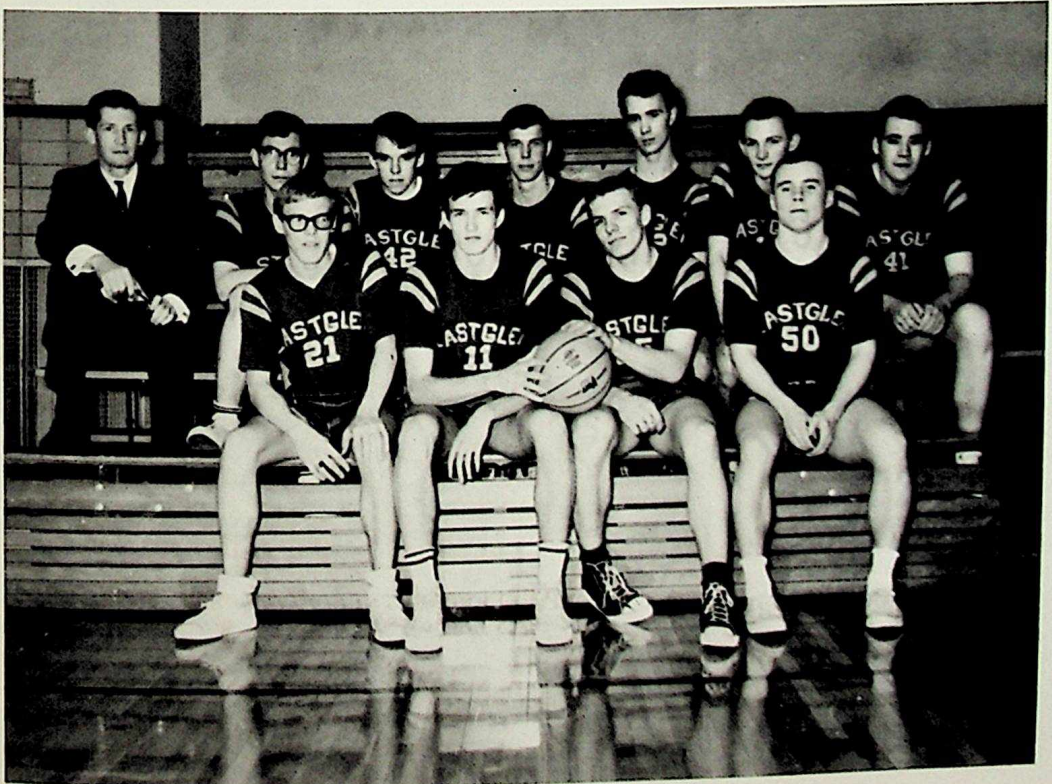

TOP: Mr. Dymianiw, Coach; F. Ainsworth, J. Olson, R. Andresen, J. Barath, Doug Craig.

Although our Junior Basketball team didn't have as much success as our Seniors, they played a good fair game. Eastglen has had some bad breaks with their Junior Blue Devil Basketball team but you know the old saying, "Just wait until next year and we'll show you who has the better team". Don't worry team, the rest of Eastglen has the same feeling of confidence that you will come through for us next year. Special thanks go to their Coach, Mr. Dymianiw, who worked very hard and patiently with his team.

Senior Basketball

The 1964-1965 edition of Eastglen's Senior Basketball team had what could hardly be called a sensational year. They did, however, win a fair share of their games, and posed a great threat to every team in the league, for when Eastglen had an "on" game they were hot. The "on" and the "off" nights that Eastglen had can be attributed to only one factor, lack of experience, and not lack of desire or hustle, but a few tough breaks prevented them from winning more games than they did. This factor of experience was undoubtedly the downfall of the team, but you can bet a plug nickel that the experience the boys got this season will lead to a real contender next year. Special thanks go to Mr. Clarke for the endless hours that he spent coaching the team. We want to see you win the cup next year team.

FRONT ROW: F. Heathcote, L. Kerychuk, G. Sigaty, C. McDougall.
SECOND ROW: Mr. Clark, Coach; B. Elliot, G. Mathewson, D. McAra, R. Fennell, T. Bradshaw.
ABSENT: D. Sigaty.

Girls' Athletic Association

President: Liz McCulloch, Sponsor: Mrs. Welliver

The Girls' Athletic Association is responsible for the carrying out of girls' athletic activities both in the intramural and inter-school level. The purpose of the organization is to promote not only athletics but sportsmanship among its members who include every girl in the school.

The G. A. A. keeps individual point records for each girl participating in athletic activities and points are set so that athletic awards can be earned on the basis of participation, rather than outstanding ability.

With the reintroduction of the House System this year, enthusiasm has picked up somewhat but participation still could have been improved one hundred per cent.

Many thanks are extended to Liz McCulloch, G. A. A. president, Mrs. Welliver, staff sponsor and the G. A. A. executive for keeping the organization running smoothly this year.

Senior Girls' Basketball

Eastglen's Senior Girls' Basketball team had a very successful season. They defeated every team in their zone and went on to defeat Vic in the semi-finals by a score of 26-16. The girls played a terrific final against Bonnie Doon but were defeated by a very close score of 38-34.

Many thanks go out to the senior team and especially to their coach, Miss Anthony, who contributed a great deal of time and effort in the development of the team's skill and sportsmanship.

FIRST ROW: Marla Barnes, Jackie Urquhart, Cathy Herbut, L. Derpack.
BACK ROW: Marj Yurchuk, Bev. Bullock, Jane Kornelsen, Miss Anthony, Liz McCulloch, Vivian McQuade, Lorna Cheriton.

Junior Girls' Basketball

The Junior Girls' Basketball Team through enthusiasm and the coaching of Mrs. Welliver put forth tremendous effort even though they did not obtain a place in the finals.

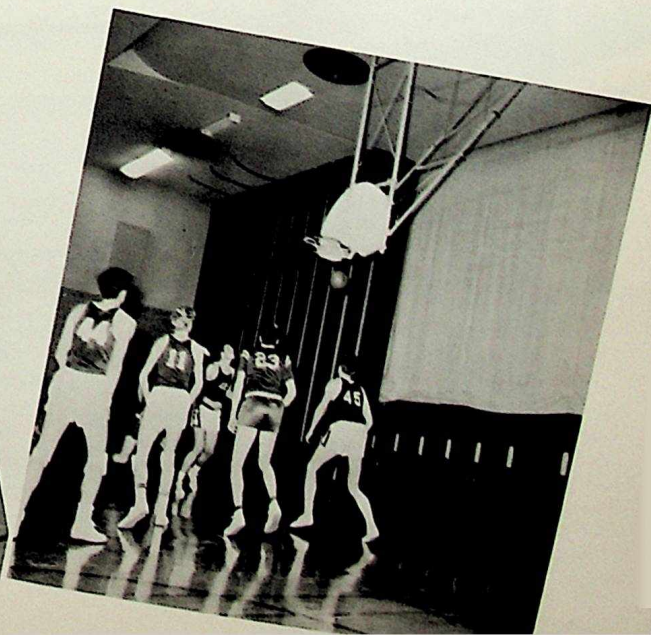

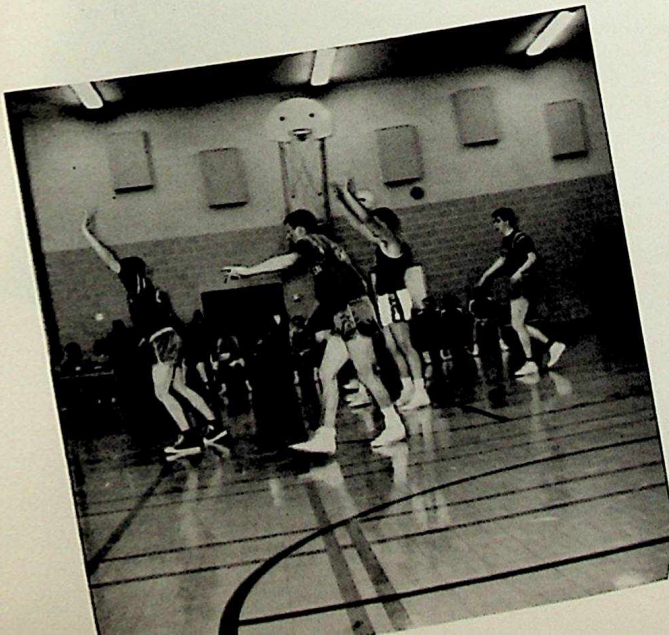

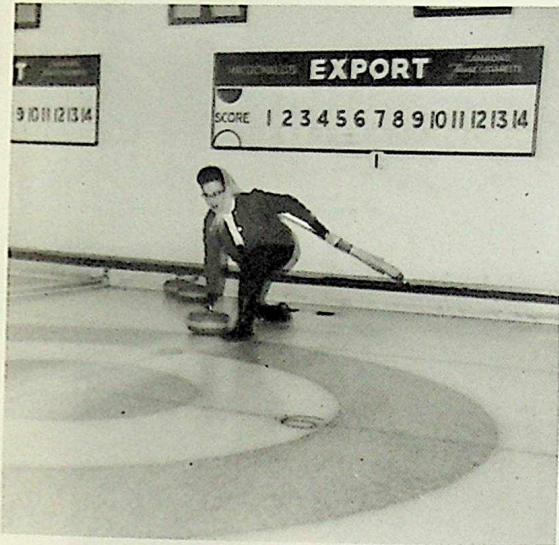

Their showing of sportsmanship made them fine representatives of Eastglen.

All members of the team would like to express their thanks to Mrs. Welliver for the wonderful leadership she provided for the team.

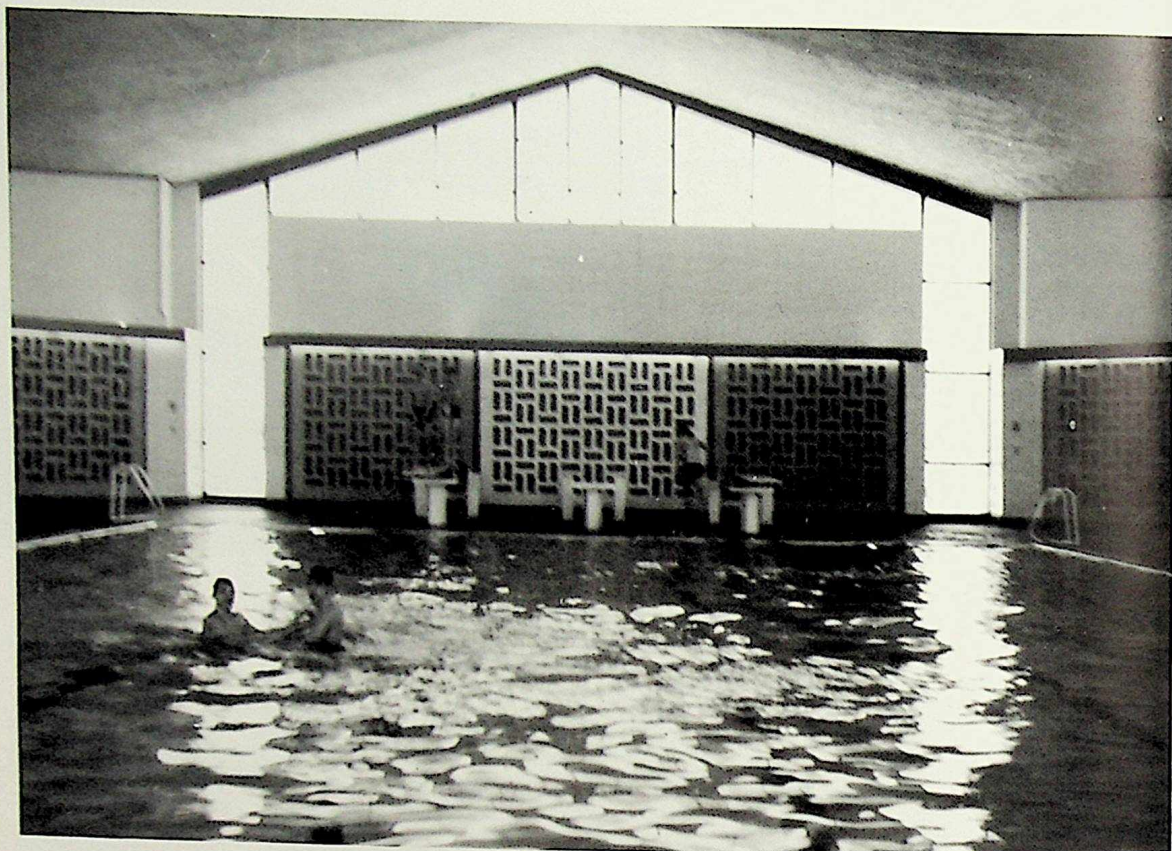

FIRST ROW: D. Palmquist, M. Mastanko, A. Couture, J. Holoiday, L. Wilson.
SECOND ROW: S. Tymchuk, A. Fennell, S. Van Popta, Mrs. Welliver, M. Hembling.
MISSING: L. Olsen.

Valedictory

Graduation marks the end of twelve years of work. The mental effort involved in assimilating the mountain of information presented to us is staggering. Every member of the graduating class should feel a great deal of pride and satisfaction for having conquered such a formidable peak.

We are now standing on one of the great plateaus of our lives. Some of us will continue to climb, in university. However, for most of us, formal education is over and we are about to venture out into the world, prepared, we hope, to meet the trials of a demanding society.

However, while we pat ourselves on the back for our efforts and look ahead, perhaps for another mountain to conquer, we must also look back and take time to thank the people who have made our climb possible.

Teachers, thank you for your untiring efforts on our behalf, preparing and giving lessons, putting up with our failings. Parents, thank you for feeding us, clothing us, supplying our wants, with no other motive than love and the hope that we might succeed in the world. Thank you for your patience when we lagged, your understanding when we faltered, your encouragement when we did well.

And finally, thank you teachers and parents for supplying the driving force for us when, on occasion, we have lacked it.

MR. SAWCHUK

Honorary Grad Class President

TO THE CLASS OF 1965

Ten years ago I had the pleasure of being the honorary president of the first graduating class who had experienced a complete year in our fine, new (and it was brand new then) school. The past ten years may have seemed long and tiresome to you, but I can assure you that as you go to face your future as adults this time will appear very short indeed. To-day – after the past ten *SHORT* years I am once again grateful for the honor that has been repeated by the senior class of 1965.

It seems strange that the term “commencement” is often used to designate graduation day – the day you lay down for all time the school work you have carried for so many years. Completion would seem to be a more appropriate term. But that would not be life, for in this world everything that marks an end, also marks a beginning. The end of one day is the commencement of another. The end of one task, the beginning of a new one.

So it is with education. What you have learned at school, valuable as it is, is only a beginning. The end of your school work merely means the commencement of those experiences which will put to the test the principles you have learned.

Up to this time your work has been directed and made as easy as trained minds could make it. From now on you must rely more and more upon your own efforts. The good you derive from further education and work is entirely up to you.

The best wishes of your teachers and friends go with you as you leave Eastglen for the last time, and commence the larger life which lies just beyond the threshold. May your hopes and dreams be realized in the fullest degree, and in the years to come may your names reflect credit upon the institution which has been your home during the formative period of your life.

T. J. Sawchuk.

EVAN GARBER

Grad Class Prophecy

I am looking into my crystal ball twenty years into the future, 1985. I see that last year, in 1984, three former East-glenites won Nobel Prizes. At a top secret meeting, the three – Cornelius Van Steenis, Ricky Sliwkanich, and Tony Halisky pool their brains to create a time machine. The machine can change the age in which the earth exists.

What do I see now? No! Cal McDougall, a vagabond, has gained access to the laboratory and is turning the time machine back to 1985 B.C! The earth is now at 1985 B.C., but since the machine was still in the experimental stage, the return button to 1985 A.D. was never installed. So here we go – twenty years into the future to 1985 B.C. and the cave men.

I see cave men Spronk and Pascoe experimenting with different types of rocks. Pascoe suggests inventing the wheel. He thinks of all the wonderful things one could make with wheels: watches, trains, airplanes, records...anything. So they instruct sculptress Patti Leard to chisel the first crude wheel out of stone. This marks the first day of civilization. When Brent and Brian Parkinson see the wheel, they decide to put one on the bottom of the car they are designing to give it that aerodynamic look. Art critic Lynne Edmond likes it. Not only that, but cave designer Jim Ross suggests that the car might actually move easier on wheels.

One day later we find explorer Jim Draginda making a startling discovery. He calls it the opposite sex. He tells his new idea to socialists Bob Mah, Jim O'Neil, and Jim Taylor, and soon it becomes a widespread rumor that the opposite sex actually exists. Right from their innovation the opposite sex becomes a problem. Some, like Carmichael, Stauning, and Kenny, want to dress in expensive furs, like deer and buffalo skins. No one is in favor of this except fashion designers John Allison and Larry Tucker who have a corner on the fur market and stand to make a fortune in skins. But now the real trouble starts. A group of extremists, among them Mills, Holowiecke, and Philip invent the two-piecer. Photographer Jack Hauptman likes it. Statistician Cecil Moroz likes it. Basketball stars Kerychuk, Elliot, and Sigaty like it. Everyone likes it. But Cal McDougall doesn't. He says it will take away some of his own admirers. So Freudian psychoanalyst Bob Stevenson suggests that Cal solve his problem by wearing a two-piecer himself.

Entertainers Ian Maclean and Gerrit Steenbergen are stretching wires across a plank. They say it is a guitar. Radio commentator Ken Shukaliak reveals that it talks when they scratch the wires with their fingernails. Penny Pulos, Janie Leat, and Bob Renville meet to start drama, but they cannot decide who gets to be Shakespeare.

This is a prophecy. If you don't like this crazy-mixed up world to come twenty years from now in 1985 B.C., don't let our Nobel Prize winners create a time machine.

CATHY HERBUT

Grad Class

History

For many of us Eastglen began long before we ever took our first official steps through its friendly portals. Eastglen was the high school. Everyone told us that - and of course they knew because everyone, (who was anyone) went to Eastglen.

Excitedly—for one precious day—Grade IX Orientation—we toured the halls and rooms of Eastglen in compact groups, never glancing aside for more than a moment lest the rest of the group disappeared, leaving one to find for himself in lonely, deserted halls. After inspiring speeches and a built up desire to conquer all that Eastglen could present, we left for awhile, planning our strategy for our return in the fall. That was our first real look at Eastglen.

Then after months of waiting and with seemingly unconquerable confidence we approached the school again—this time alone—and suddenly all the confidence wasn't so seemingly unconquerable anymore. Almost timidly we walked through the doors, trying not to appear lost and hoping to be able to find at least our home room without having to ask a senior where it was.

It didn't take as long to learn how to make our way through streams of traffic in the shortest possible time—or at least within two minutes and fifty-nine seconds. Before we knew it we were in the swing of Frosh Welcome Week, highlighted by Frosh Court on Friday noon and Beanie Bash the same evening where we were de-beany-ated and welcomed as fullfledged students of Eastglen. It seems like only yesterday — doesn't it?

Grade X was a good year — a new and exciting year. After the hectic madness of the first week we were bombarded by decisions. Booster Club? Art Club? Drama Club? Glee Club? Or all four? By the time we more or less decided, football season was underway and everyone flocked to the stands to cheer our Blue Devils on. The Juniors almost took the cup that year, losing only one game in the season to Ross Shephard. Basketball soon followed and in the end, after beating our highly favored arch-rivals the Vic Redmen, Eastglen lost to Ross Shephard in the city finals. Our freshman year was also the first year a swim team without a pool, our team, ever won an inter-school swim meet.

The Sadie Hawkins Dance where we first learned the "Dance of the Seven Steps" and White Fantasy were social events well attended and enjoyed by all.

In the field of drama, "The Birds," a Greek comedy, played to full houses for four nights, and a lit in the form of a variety show, the first in three years, played to two enthusiastic audiences.

As frosh we witnessed election campaigns such as we had never seen before and became part of them. That was our first year in high school.

Grade XI brought us one step closer to this night. Needless to say we enjoyed Frosh Court more than we did in Grade X. And remember how disappointed we were when we found out the frosh were to be supplied with buttons instead of beanies to steal?

Much of the same sort of activities continued in '63-'64 only we took more pride in them than before because we were becoming leaders.

The Junior Football Team captured the City Championship that year. In Senior Boys' Basketball, we lost to Scona in the finals after having beaten Ross Shep and Vic. Our table tennis team only missed getting the cup for inter-school competition by a hare's breath for the second year in succession when they lost to Queen E. in a play off to break a first place tie.

"1984", the variety show of our sophomore year scored a hit while the year play, "Dumbell People in a Barbell World" provided many laughs and much entertainment.

Remember the fun we had at Button Buffoonery, Li'l Abner's Leap and Frosty Frolic? And the Hootenanny sponsored by the Booster Club in aid of our foster child? Remember the Revolution? And the murals in the rotunda and the library? That was the year of painting on the inside and digging on the outside. Eastglen was getting a pool!

But this has been the best year of all. Beanies were back in and frosh week was more fun than ever. Everywhere we looked we saw "lowly" frosh and sophomores - the security of it all made us feel wonderful!

In the sporting world, this has been a year of almos'ts for Eastglen. The junior football and the senior girls' basketball teams almost won City Championships, losing out in their final games to Jasper Place and Bonnie Doon respectively. The senior boys' basketball and senior girls' volleyball teams each fought their way to semi finals.

This has been a year of firsts. November 11th representation at the cenotaph, the ninth block, students' union guidance classes, cheerleaders and swimming lessons in our own pool. For many of us it was the first time we suddenly realized that our short years in school were quickly coming to an end.

We all have memories of our own about high school, probably many of which I have not mentioned. Cafeteria lines, pep rallies, dress up days, Christmas dinners, Gazette, the Blue and Gold, and many many more.

For many of us, Eastglen really began before we officially arrived on the scene. For all of us, Eastglen will not end when we leave. For through that precious treasure known as memory, we will never really leave Eastglen, the place in which we spent three of the best years of our lives.

BARBARA ADAMS

Activities: Cadets, Work.

Future Plans: Undecided.

HEATHER AIRTH

PAT ALDER

Activities: Swimming, Riding, Walking, Looking after my dog, Movies.

Future Plans: Airline Stewardess.

JOHN ALLISON

Leadership Is A Bay Tradition

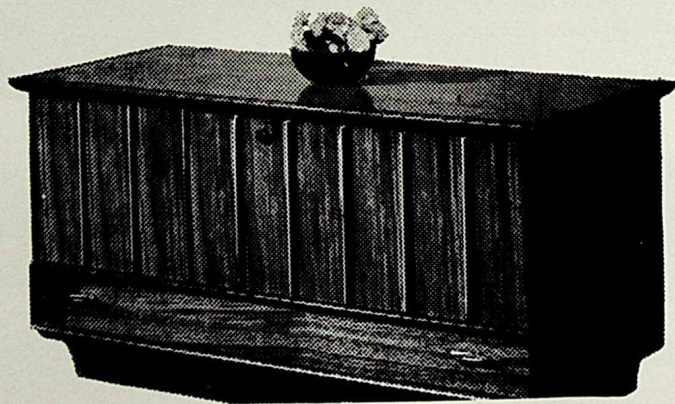

Since 1670 the Hudson's Bay Company has been a driving force in the development of Canada. And although the romance of almost three centuries of fur trading and exploration still clings to this company, to millions of Canadians the Bay is the modern department store in their community — a leader in fashion.

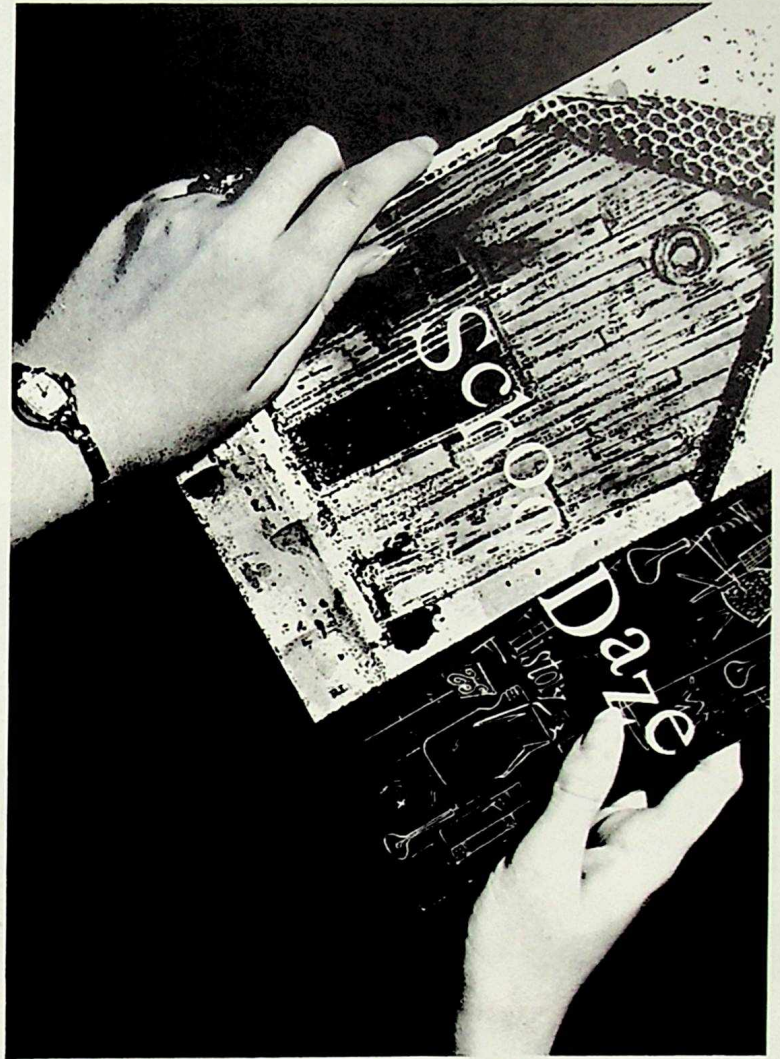

Hudson's Bay Company.

INCORPORATED 299 MAY 1870.
